CONNECT TO THE CUSTOMER
Session Leader Guide

The more we can visualize the purpose of our work efforts in terms of how our solution will add value to our customer – the better we can understand and commit to the team goals. A good understanding of where our solution fits into the customer business operations and his/her intention and long term objectives will get us better connected to the customer and enhance the collaboration.

Additional benefits are that it can enhance the customer co-operation/dialogue, increase our ability to manage the customer requirements and enable us to work more proactively.

PURPOSE
To create a better understanding of how our solutions and performance will best contribute to the customer business operations.
To provide all stakeholders with an overall common purpose with the team, which will facilitate the customer cooperation/dialogue.

OBJECTIVE
A shared understanding and description of how the team connects to the customer vision and objectives in terms of Direction, Prerequisites and Dialogue.

PARTICIPANTS
The more team members that can participate the better. To provide value to the team, the minimum participants should be the team leader, 2-3 team members and customer representative(s).

TIME
The estimated time for this exercise is 3 – 4 hours depending on the size and complexity of the team and if it involves a visit to the customer premises.

3. Make sure everyone gets the opportunity to voice his or her view. Be assertive and probe for questions. Remember, the process is as important as the outcome.
4. Conclude the exercise by reading out your final conclusions. Clarify agreed actions by addressing who, when and how. Communicate the intended next steps.

AFTER THE SESSION
1. Document the outcome of the workshop (use the template if appropriate).
2. Write and send out minutes as soon as possible after the meeting. Enclose the documentation with the outcome and also slides that were shown (if requested by any of the participants).
